BID BULLETIN NO. 1

(December 14, 2016)

Consignment of Apheresis Machine with 3 Part Hematology Analyzer and Delivery and Supply
of its Corresponding Reagents and Consumables
Bid No: 2016-11-0700

This BID BULLETIN No. 1 is issued to modify or revise some Eligibility and Technical Requirements indicated in the *Checklist of Requirements, Bid Data Sheet (BDS)* and *some items in the Technical Specifications* of the abovementioned project. This modification shall prevail and form an integral part of the Bidding Documents.

a. Checklist of Requirements and Bid Data Sheet:

- The required *"Certification that the equipment being offered must be of the latest version or model and has no record of violations such as electrical or mechanical malfunction since the time of its production"* must be issued by the principal.
- The Statement of the prospective bidder of all its ongoing government and private contracts, including contracts awarded but not yet started, if any, *whether similar or not similar in nature and complexity to the contract to be bid* shall be supported by the **Purchase Order or Contract Agreement or NOA** stating the amount of the project;

b. Technical Specifications:

- In page 8 item 15, under the Other Terms and Conditions for Acceptability of Apheresis Machine, **delete letter b** (By bringing the end-user to a facility/laboratory for evaluation where the said machine is installed) **and letter c** (Expenses of which shall be shouldered by the supplier). Retain letter a and it must be ***"By on-site demonstration (attached certification of on-site demo)"***.
- In page 10 under Hematology Analyzer 3 part Differential, item 1 letter f, delete *"Facility for clot filters to prevent clots from entering the aperture"* and replace ***"With capability for clot detection and removal"***.
- In page 15, delete item 13 *"The end-user and Biomedical Technician must have an actual inspection and or witness an actual installation and commissioning of the machine being offered"*.

- In page 16 item 15, delete letter b (*By bringing the end-user to a facility/laboratory for evaluation where the said machine is installed*) and letter c (*Expenses of which shall be shouldered by the supplier*). The requirement becomes "*The end-user (DAVAO BLOOD CENTER, Department Chairman and Biomedical Technician) must have an actual inspection and or witness an actual installation and commissioning of the machine being offered by on-site demonstration*".

All other provision of the bidding documents which are not affected shall remain in effect.

For guidance and information of all concerned.
